7-1/2" • 9 tpi Item #10-5437

Replacement blade #01-5437

Interchangeable blade

01-2337

01-3437

Landscape Saw
7-1/2" 12 tpi

Sportsmen's Saw
7-1/2" 9 tpi

This compact and versatile saw is perfect for pruning, camping, and hunting. It will cut anything from greenwood to plastic pipes cleanly, quickly, and easily. Its unique 3-position locking system allows the blade to lock at top-cut for normal use, extra wide to undercut branches, and closed. The hollow-ground blade is made from the finest carbon steel and features no-set teeth to eliminate friction during the cut. The diamond-ground, electrically tempered teeth give long-lasting sharpness, and the chrome finish on the blade retards rust. The comfortable elastomer soft-grip handle provides a sure grip even when wet.

Special SharkSaw® Features:

- **Pull-To-Cut:** The SharkSaw® blade cuts when drawn toward you. This results in a more natural, smoother, straighter, and less fatiguing sawing operation—due in part to SharkSaw's thinner blade.
- **Diamond-Ground:** SharkSaw® blades are precision diamond-ground to sharpen each tooth on three sides. The resulting blades are extremely sharp.
- **Impulse Hardening:** SharkSaw's teeth are electrically hardened to improve longevity. In fact, they hold their edge two to three times longer than conventional blades.
- **Soft & Comfortable Handle:** Industrial strength handle features rubber-like elastomer double-injection, non-slip grips for long-lasting comfort.
- **Replaceable Blade:** Twist-lock design allows for fast, easy replacement of worn blades.
